This year marks the celebration of the SANC's 75th anniversary and befitting this milestone the SANC proudly introduces its new logo and slogan - a new identity that reflects its evolution yet emphasises its mandate. The SANC launched its new logo and slogan on 28 January 2019. The symbolism of the logo is explained below.

The link to the video describing the logo in detail can be accessed at <https://vimeo.com/313976509>

The colour turquoise is taken from the SANC Coat of Arms to ensure a link with our heraldic emblem

The stethoscope is a universal symbol used in healthcare by professionals within the medical industry

The oil lamp is a universal symbol reminiscent of Florence Nightingale, and by implication of nursing throughout the world

The red is symbolic for its association with healing

The new SANC slogan: "*Regulating nursing, advocating for the public*" sums up the essence of what the SANC does - it regulates the Nursing and Midwifery professions by establishing and maintaining nursing education and training as well as practice standards, it also advocates on behalf of the public in matters concerning nursing.

Yours sincerely,
